TRACK SEASON REVIEW.

Excellent Prospects For Next Year.

With the recent closing of the track season of 1927, it is entirely appropo that we give a short resume of the accomplishments of this year's team.

Approximately twenty-six men have conscientiously given their best efforts to turn out a team that the school could well be proud of, and as a result have given us the most successful team that has represented the school in several years. The season is considered an excellent success by the coaches as a reveiw of the season will show.

In 1924, 1925 and 1926 Springfield Teachers defeated our teams with ease by scores that were in the vicinity of the 100 mark, while this year, even though we were defeated, it was by a score of 77-59 and the cold figures do not show how closely the meet was contested. It was just the result of two relay events at the last of the program that decided the meet.

Last year, after several previous years of defeat, the Miner team defeated Drury by a close score, while this year the team easily trounced their Panther opponents by a score of 83 to 52.

In the M. C. A. U. vs Missouri U. meet our team finished third in points and in the Westminster, Central Wesleyan, Miner triangular meet we finish second. Last year in the M. C. A. U. meet our team scored 8 points while this year we scored 16 1-2 points and finished fourth in a field of ten contesting teams, which is no mean achievement in this class of competition.

New school records were established this year in the Pole Vault, Discuss Throw, and the High Jump. Dave Moulder with a vault of 11 ft. 6 3-4 in. broke the school record while Chas. Johnson, with a heave of 127 ft. 3 in. established a new Discuss record. Phil Mudgett, with a jump of an even 6 feet, broke the school record in the high jump.

With this years track squad intact, with the exception of Johnson, for the nucleus of next year's team, and with the prospect of several new men with decided ability in our weak

SENIORS ENTERTAINED AT BANQUET IN LEAD BELT.

On May 3rd the Alumni of M. S. M. in the Lead Belt entertained the Senior Class of '27 with a banquet at Bonne Terre. These banquets are annual affairs held in honor of the visiting Seniors on their inspection trip of the mines and mills in the Lead Belt.

Mr. E. T. Campbell, '23, ably presided as toastmaster. The first speaker of the evening was Mr. H. Foster Blain, Supt. of the Bonne Terre Leadwood Divisions of the St. Joseph Lead Co. Other talks followed by Mr. Delano, Mr Steinmesch, Prof. Forbes, and Prof. Thornberry.

Immediately after the banquet a business meeting of the Alumni present was held. At this meeting it was voted to organize a local section of the M. S. M. Alumni Association to be known as the Lead Belt Section. The following officers were elected: L. A. Delano, Chairman; T. G. Weir, Vice-chairman; and E. T. Campbell, Secretary-Treasurer.

Those present were: the visiting Seniors of the Class of '27; Professors Forbes, Thornberry and Muilenburg; Messrs. L. A. Delano, '04; A. Perrier, ex-'04; J. H. Steinmesch, '06; H. A. Neustaedter, '16; H. R. Stahl, '18; W. W. Weigle, '20; T. G. Weir, '22; E. T. Campbell, '23; E. R. Tragitt, '23 and A. L. Heitmann, '25.

BASEBALL.

At ameeeting held the other afternoon, composed of representatives of the baseball teams in the league, it was decided to cancell all remaining games to be played by teams who were not definite contenders for the cup. The inclement weather this spring has so retarded the series that it would have been impossible to finish before the close of school. The Faculty defeated the Kappa Sigma

spots, the prospects for a successful 1928 season seems to be very bright.

Track letters have been awarded to Moulder, Mudgett, C. Johnson, Tamm, McFann, Macauley, G. Johnson, Clark and Schultz.

Not only the letter men but the whole squad deserve much praise for the efforts and the spirit shown by their conscientious work.

MINERS PLACE FOURTH IN M. C. A. U. TRACK MEET.

On Thursday and Friday of last week the Miner track team engaged in the Missouri College Athletic Union meet which was held at Tarkio and succeeded in capturing fourth place out of the field of ten contesting teams. Westminster College, with a total of 65 1-2 points won the meet while Central, with 35, Missouri Wesleyan, with 20, and the Miners with 16 1-2, were second, third and fourth respectively. The other teams in the conference who had entered teams were: Central Wesleyan, Drury, Missouri Valley, Culver-Stockton, William Jewell, and Tarkio.

Westminster encountered but slight opposition for their championship squad and succeeded in carrying off nine firsts, while Central managed to annex three, and the Miners came next with two firsts, one of which was a tie for first. Moulder, the Miner pole vaulter, showed the field the way to top the bar at 11 feet 1 1-2 inches to win, while Mudgett, star high jumper, experienced difficulty in his take off and could only tie for first place at 5 feet 9 1-2 inches.

The results:

100 yard dash: 1st Sheetz, Westminster; 2nd, Fuller, Central; 3rd, Coy, Mo. Wesleyan; 4th, Whitley, Central. Time 10 sec.

Mile run: 1st, Crain, Central Wesleyan; 2nd Wiley, Mo. Wesleyan;

Continued on Page Two.

aggregation on Wednesday afternoon in a hard fought game which was not decided until the last inning. The faculty, trailing along the whole distance, succeeded in nosing the then only undefeated team in the league when Johns, the faculty south paw first baseman, succeeded in poling out a three bagger with the bases loaded to bring in the winning run.

As the series now stands there are four teams, the Bonanza, Kappa Sigma, Faculty and Independents, who are tied for first place, each having lost one game. The rest of the games that have a bearing on the championship will be run off as rapidly as possible.

Continued from Page One.

3rd, Miller, Mo. Wesleyan; 4th Davidson, Drury. Time 4 min. 33.7 sec.

440 yard dash: 1st, Sheetz, Westminster; 2nd, Dally, Westminster; 3rd, Gray, Central; 4th Wyatt, Central. Time 51.4 sec.

120 yard high hurdles: 1st, Botts, Westminster; 2nd, Coy, Mo. Wesleyan; 3rd, Groom, Mo. Wesleyan; 4th, Hoffman, Central Wesleyan. Time 15.8 sec.

880 yard run: 1st, Settle, Central; 2nd, Macauley, Miners; 3rd, Fullerton, Culver-Stockton; 4th, Silsby, Drury. Time 2 min. 3.8 sec.

220 yard dash: 1st, Sheetz, Westminster; 2nd, Dally, Westminster; 3rd, Wright, Central; 4th, Coy, Mo. Wesleyan. Time 22 sec.

Two mile run: 1st E. McKinley, Drury; 2nd R. McKinley, Drury; 3rd Schenk, Central; 4th Miller, Mo. Wesleyan. Time 10 min. 17.9 sec.

220 yard low hurdles: 1st Botts, Westminster; 2nd Bourette, Mo. Wesleyan; 3rd, Fuller, Central; 4th Winters, Central Wesleyan. Time 25.5 sec.

One mile relay: 1st Westminster; 2nd Central; 3rd Culver-Stockton; 4th Tarkio. Time 3 min. 31.4 sec.

Discus Throw: 1st Boyd, Westminster; 2nd Sexton, Westminster; 3rd C. Johnson, Miners; 4th Haggard,

High jump: 1st Mudgett, Miners, Brouillette, Westminster, Brooks, William Jewell tied for first place. 4th, Martin, William Jewell, Martin, Tarkio, Rickets, Central, tied for 4th. Height 5 ft. 9 1-2 in.

Shot put: Sexton, Westminster; 2nd Haggard, Mo. Valley; 3rd Landree, Culver-Stockton; 4th Boyd, Westminster. Distance 44 ft. 7 1-4 in.

Pole vault: 1st Moulder, Miners; 2nd Hoffman, Central Wesleyan; 3rd Green, Central; 4th Bollman, Central Wesleyan; Tuggle, Culver-Stockton; Linson, Culver-Stockton tied. Height 11 ft. 1 1-2 in.

Javelin Throw: 1st Rickets, Central; 2nd C. Johnson, Miners; 3rd Howell, Westminster; 4th Stout, Culver-Stockton. Distance 167 ft. 5 in.

Broad jump: 1st C. Boyd, Westminster; 2nd W. Boyd, Westminster; 3rd Whitley, Central; 4th Wilkinson, Mo. Valley. Distance 21 ft. 7 in.

One half mile relay: 1st Central, (Wright, Rickets, Whitley and Fuller); 2nd Missouri Wesleyan; 3rd Westminster; 4th Tarkio. Time 1 min. 33.7 sec.

1st, 5 points; 2nd, 3 points; 3rd, 2 points; 4th, 1 point.

COMMENCEMENT WEEK PROGRAMME. 1927

SUNDAY, MAY 22 11:00 A. M. Parker Hall

Baccalaureate Sermon, Reverend Ivan Lee Holt, Ph.D., Minister, St. John's Methodist Episcopal Church, South, St. Louis, Mo. Subject: "The Way Ahead."

WEDNESDAY, MAY 25 9:00 P. M. Jackling Gymnasium

Freshman Hop.

FRIDAY, MAY 27 3:00 to 5:00 P. M. Director's Residence

Director's Reception to Students, Faculty, and Visitors.

FRIDAY, MAY 27 9:00 P. M. Jackling Gymnasium

Commencement Ball.

SATURDAY, MAY 28 10:00 A. M. Parker Hall

Commencement Exercises. Address by Walter Williams, LL.D., Dean of the Faculty of Journalism, University of Missouri. Subject: "In the Process of Education."

Conferring of Degrees, Director Charles Herman Fulton. Conferring of Commissions in United States Reserve Corps, Lieutenant-Colonel James L. Peatross.

Procession will start, Norwood Hall, 9:45 A. M.

Committee in Charge: H. R. Hanley, F. E. Dennie, K. M. Moore, H. H. Armsby, D. F. Walsh, E. H. Walter.

BACCALAUREATE EXERCISES.

SUNDAY, MAY 22, 1927 11:00 A. M.

Parker Hall

Processional.....March from "Aida".....Verdi
M. S. M. Band

The Faculty and Seniors in Academic costume will enter Parker Hall and be seated during the Processional.

Invocation.....Rev. B. V. Bolton, A. B.

Pastor, Baptist Church

Selection....."Send Out The Light".....Gounod
Quartet: Mr. F. C. Farnham, Mrs. Harry Trowbridge, Rev. and Mrs. H. P. Hunter.

Selection....."Pilgrims' Chorus" from Tannhauser.....Wagner
M. S. M. Band

Baccalaureate Sermon....."The Way Ahead"
Rev. Ivan Lee Holt, Ph.D.

Minister, St. John's M. E. Church, South, St. Louis, Mo.

Selection....."The King of Love My Shepherd Is".....Shelley
Quartet: Mr. F. C. Farnham, Mrs. Harry Trowbridge, Rev. and Mrs. H. P. Hunter.

Benediction.....Rev. B. V. Bolton, A. B.

Recessional....."Olympia".....Barnard
M. S. M. Band

The audience is requested to remain seated until the Faculty and Seniors have left the hall.

Instrumental music furnished by the M.S.M. Band under the direction of Mr. J. W. Scott.

HOW MANY OF THESE QUESTIONS CAN YOU ANSWER CORRECTLY?

THE following questions pertaining to explosives or to industries in which explosives are used should afford some pleasure and instruction for those who follow the popular indoor sport of "Ask Me Another".

The answers* to these questions are published in the May, 1927 issue of The Explosives Engineer magazine.

Write us today for a free sample copy of The Explosives Engineer, and when it arrives see how many of your answers check with the ones given by the Editors.

QUESTIONS

1. (a) Who discovered nitroglycerin.
(b) Who invented nitroglycerin dynamite?
2. What blasting supplies should never be transported or stored with explosives?
3. What high explosive is a liquid?
4. (a) Who was the first director of the United States Bureau of Mines?
(b) Who is the present director?
5. What are the three ingredients of blasting powder?
6. Does safety fuse burn slower, at the normal rate, or faster when tightly tamped in a bore hole?
7. What electrical instrument is used for testing electric blasting caps and blasting circuits?
8. Name two of the three methods of blasting boulders. Name first the method that requires the least amount of explosive and the one which requires the most explosive, last.
9. What is the velocity of detonation of Cordeau-Bickford?
10. When, where and by whom was coal discovered in America?
11. What is the best connection for electric blasting caps when fired by a power circuit when ample current and voltage are available?
12. What type of explosive is the most water-resistant?
13. What is generally considered the best explosive ingredient for use in detonators?
14. How many pounds of black blasting powder in a standard keg?
15. Give the four conditions prescribed by the United States Bureau of Mines requisite for a Permissible explosive.
16. Name three types of high explosives commonly used for industrial purposes.
17. What magazine publishes a monthly digest of articles relating to drilling or blasting that have appeared in the technical press of the world?
18. What are the standard granulations in which black blasting powder can be obtained?
19. Name the secretaries of the following associations:
(a) American Mining Congress.
(b) American Institute of Mining and Metallurgical Engineers.
(c) American Zinc Institute.
(d) National Crushed Stone Association.
(e) Associated General Contractors.
(f) National Slate Association.
20. What great railroad tunnel has recently been holed through?
21. How should safety fuse be cut for insertion in a blasting cap?
22. Of what material should a tamping stick be made?
23. How should empty dynamite cases be disposed of?
24. What state consumes more explosives than any other state in the United States?
25. What explosive is referred to as "The New Aladdin's Lamp"?

ALUMNI NEWS.

George V. Bland, '04, is mine engineer for the Black Hills Tin Company, Tinton, South Dakota.

John R. Bland, ex-'12, is General Manager for the Black Hills Tin Company at Tinton, South Dakota.

D. P. Hynes, '08, and family, are visiting in Rolla at the Baysinger home. They are en route home from Fort Smith, Arkansas, where Mrs. Hynes and family have been spending some time.

Mr. Roland Kirkham, son of J. E. Kirkham, M. S. M. '95, has been a visitor in Rolla and to the School of Mines for several days. He came with his mother and her sister, Mrs. B. R. Thompson of Springfield, Mo., to attend the funeral of his uncle, Henry Weisenbach, formerly a resident of Rolla.

Mr. Kirkham is a graduate in civil engineering of the State College of Ames, Iowa, and is employed in state highway work in South Dakota. He was in active service in the world war for two years, and was

on the front in the Argonne at the time of the armistice. He was wounded twice and was "gassed" but at present appears none the worse for his experience.

GRADUATION HOP.

Don't forget the Graduation Hop Friday night, May 27th, at nine o'clock. As announced in last week's Miner, this dance will be conducted on a time schedule basis in order that those desiring to fill out programs can do so with assurance of following them. Dances will start at quarter hour intervals, continuing for ten minutes with five minute intermissions between dances. Therefore, if you choose to start dancing with the fifth dance, come at ten o'clock.

The dance is given by the school for the entire student body in honor of the Seniors. No admission charge will be made. The Varsity Orchestra will furnish music with Little Joe as entertainer.

SENIOR CHEMICAL TRIP.

The Senior Chemical Engineers enjoyed the sixteen day excursion conducted by Doctor Turner and seem to agree that the trip was both educational and interesting. It was educational from the standpoint of the twenty-three plants visited in several of the most important industrial centers in the country and interesting from the many side lights that must necessarily accompany such a trip for recreation and rest in the evenings.

The Chemicals did not confine their interests to their own particular field but visited the five industrial districts from the engineering viewpoint. The most impressive conception received by this visitation is the magnanimous proportions of the industries which cannot be conceived of in the class room from statistics alone. One must actually see these industries in operation to visualize their enormous proportions. We finished the trip with the feeling that this is one of the in-

dispensable opportunities offered to engineers in their four years of college training. The trip included visits to St. Louis, Chicago, Cleveland, Pittsburgh, Buffalo, Niagara Falls and other industrial points of interest.

• YOU •

The Graduating Seniors

Are facing the question
of

"WHAT TO DO
NEXT"

Some of you are well fixed; you have a family business to work with. It will be to your interest to think about the new development, Group Insurance, which will be a factor of increasing importance in the relations of your business to its employees.

Some of you have a decided bent, and are going to follow it. One way of making sure that you will finish the course of life you have chosen is to take advantage of Annuity, Endowment, and Straight Life Insurance.

Some of you have worked for your education and must earn as much money as you can, as quickly as possible. The selling of Life Insurance gives the most and quickest return for hard work; it also offers the greatest freedom for original enterprise. It is not a push-button job. The John Hancock is looking for men like you and would like to hear from you.

Write to us in regard to any of these points. We shall answer your inquiries without any obligation to you. Address the INQUIRY BUREAU,

John Hancock

ANSWERS TO "ASK ME

ANOHER" QUESTIONS.

1. (a) Ascanio Sobrero, an Italian, 1846;
(b) Alfred B. Nobel, a Swedish chemist. His patent for dynamite was granted in 1867.
2. Blasting caps and electric blasting caps.
3. Nitroglycerin.
4. (a) Joseph A. Holmes.
(b) Scott Turner.
5. Sulphur, charcoal, and Chile saltpeter.
6. Faster.
7. A galvanometer or an ohmmeter-galvanometer.
8. Block-holing, snakeholing, and mud-capping.
9. 17,500 feet a second.
10. December, 1679, at Ottawa, Ill., by Father Hennepin, a French explorer.
11. In parallel.
12. Gelatin.
13. Fulminate of mercury.
14. Twenty-five pounds.
15. (1) That the explosive is in all respects similar to the sample submitted by the manufacturer for test.
(2) That detonators, preferably electric detonators, are used of not less efficiency than those prescribed, namely, not weaker than a No. 6 detonator.
(3) That the explosive, if frozen, shall be thoroughly thawed in a safe and suitable manner before use.
(4) That the quantity used for a shot does not exceed 1½ pounds (680 grams) and that it is properly tamped with clay or other non-combustible stemming.
16. Ammonia dynamite, gelatin dynamite, straight nitroglycerine dynamite.
17. The Explosives Engineer.
18. FFFF, FFF, FF, F, C, CC, CCC.
19. (a) James F. Callbreath.
(b) H. Foster Bain.
(c) Stephen S. Tuthill.
(d) J. R. Boyd.
(e) Gen. R. C. Marshall, Jr.
(f) W. S. Hays.
20. The Moffat Tunnel, in Colorado, length 6.19 miles.
21. Squarely across (Not on an angle.)
22. Wood.
23. By burning.
24. Pennsylvania.

Total consumption for 1926
Black Powder 29,517,125 lbs.;
Dynamite 47,918,261 lbs.; Per-
missible Explosives 33,565,470

lbs.

25. Dynamite. A free copy of a book entitled "Dynamite—The New Aladdin's Lamp" can be obtained by writing to The Ex-

Bell and Spigot Joint

THE Bell and Spigot Joint for Cast Iron
Pipe adopted over one hundred years
ago, is the preferred joint today.

It is tight, flexible, easily made and non-corrodible—there are no bolts to rust out—it makes changes of alignment or insertion of special fittings a simple matter—it can be taken apart and the pipe used over again, without any injury—it is not subject to damage in transit—in fact, it embodies practically all of the desirable qualities in an underground joint.

MAY TIES WITH JUNE**FOR FIRST HONORS.**

What is so rare as a day in June? One logical answer seems to be, a day in May in which no professor adds to the work and hence, the misery of his classes by assigning extra last minute material to be gotten.

Each year about this time we wonder if professors ever plan their courses. If they do, it seems strange that they should spend four months of the semester on half the text and finish the other half in the last two weeks. All the professors do this. Most of us, students we like to call ourselves, completely swamped under a hopeless flood, find the easiest way out to do none of it. We prefer to sit in the sun and forget schools, finals, diplomas and everything else. Starting on any task only emphasizes the futility of trying to do all the rest.

One of the criticisms England levels at our educational system is that it prohibits worthwhile work. When the Cambridge debaters, touring this country some months ago, learned that we attended sixteen hours a week they asked in a surprised tone, "But when do you do your work?" They were accustomed to only eight or ten hours class work. The rest of the time they spent on research according to their own special bent.

The Cambridge debaters should drop into an American college in May and hear assignments of special term papers with subjects calling for twice as much time as is available, professors calmly asking that students "read the next 50 pages for tomorrow," and reminding them that they should be starting review for the three hour final soon to be at hand.

The debaters would no longer ask, "When do you do your work?" They would more probably breathe a sigh of sympathy and say, "No wonder you DON'T do your work!"

—Central Collegian.

NOTICE OF ELECTION.

On Friday, May 20, there will be an election of the Athletic Association Officers for the coming year. The ballot box will be in a place indicated on the bulletin boards. Polls open from 8 a. m. to 5 p. m.

For Business Manager:

H. B. MORELAND
C. W. AMBLER

For President:

H. B. MORELAND
C. W. AMBLER.

For Vice-President:

L. METCALF.

The following men have been elected for the year 1927-28:

Junior Managers:

Dittmer
Hollow
Christine
Shibley.

Sophomore Assistants:

Thomas
Martin
Brigham
Stryker
Rucker
Juhre
Grafton
Gibbons
Long.

ST. LOUIS SECTION**OF M. S. M. ALUMNUS.**

A meeting of the St. Louis section of the M. S. M. Alumni Association was held in St. Louis at the American Annex Hotel on May 5th. There were sixty members present. Officers were elected as follows: M. P. Brazill, Chairman; Carl Stifel, Vice-chairman; W. M. Taggart, Secretary; L. H. Goldman, Treasurer; J. K. Walsh, Publicity; Lucian Erskine, Entertainment.
